Professor's of Kaohsiung Medical University

Department of Medicinal and Applied Chemistry

Prof. Chai-Lin Kao

clkao@kmu.edu.tw

Research Topic:  (<http://wp.kmu.edu.tw/clkao/>)

- Peptide chemistry and dendrimer chemistry

Prof. Sodio C. N. Hsu

sodiohsu@gap.kmu.edu.tw

Research Topic:  (<http://wp.kmu.edu.tw/sodiohsu/>)

- Inorganic Chemistry, Bio-inspired coordination chemistry, Supramolecular chemistry

Prof. Hsuan-Ying Chen

hchen@kmu.edu.tw

Research Topic:  (<http://wp.kmu.edu.tw/hchen/>)

- Ring Opening Polymerization of Cyclic Esters
- Coupling Reaction by Using Transition Metal Catalysts

Prof. Chia-Hsiang Chen

chc@kmu.edu.tw

Research Topic:  (<http://wp.kmu.edu.tw/chc/>)

- Synthesis of novel heteroatom-doped graphene molecules for electronic devices
- Synthesis of metal-organic cages and study of their host-guest chemistry

Prof. Wei-Peng Li

wpli@kmu.edu.tw

Research Topic:  (<https://mao22913521.wixsite.com/kmuc-nano-lab>)

- Nanotechnology
